

SIMULATED BUILDINGS. REAL CHANGE.

BS2025.ORG

ABOUT THE CONFERENCE

IBPSA's biennial Building Simulation Conference is the world's leading event in the field of building simulation.

Following the 2023 Building Simulation Conference in Shanghai, China, Australia will take the reins in hosting the next worldwide Building Simulation Conference.

IBPSA Australasia and AIRAH are excited to jointly host the 2025 Building Simulation Conference in Brisbane, Australia over August 24–27.

We are delighted to invite you to join us at Building Simulation 2025, where we will discuss the leading issues that drive the use of building performance simulation in the built environment.

The event will focus on how building simulation plays a significant role in achieving net zero energy and carbon both now and in the future, without compromising human health and wellbeing.
